

# Financial Agreement

---

We will verify your insurance benefits and provide you with an estimate. If additional procedures are added or additional equipment is used, you will be charged accordingly. The Anesthesiologist, Physician, and LabCorp (if applicable) will bill separately as they are separate entities.

If your surgeon orders splints, braces, wraps, crutches or any other DME items, you will receive a separate bill from Resurgens. You are welcome to provide your own items. Please let us know if you brought your own. Questions concerning any bills should be addressed to the phone number on that bill.

Your surgical fees are your personal obligation. If accurate information is provided, we will attempt to verify coverage prior to surgery, notify you of your co-payment obligation, and file your insurance for you. When we verify insurance, it is only a statement of benefits, not a guarantee of coverage for this service. We recommend that you also contact your insurance company to verify coverage for those surgical procedures. Your co-payment can be made with cash, check, money order, Visa, MasterCard, American Express, Discover or Care Credit.

If you have an attorney handling your bills due to an auto accident, personal injury, etc., we will be able to provide your attorney with a copy of your bill; however, we are not a party to your lawsuit and require that you pay your bill in full.

Unpaid amounts may be placed with an outside collection service or attorney. In the event that legal proceedings become necessary to resolve any unpaid balance, attorney fees and court costs involved with the collection of the outstanding balance will be the responsibility of the patient/guarantor.
